

4185-101-CIP2

Section II (Remarks)

In the Office Action dated July 13, 2007 at paragraph 4 thereof, the Examiner noted:

The limitations in claims 1, 3-6, 8-11, 14-24, 27, and 29-68 are not supported by the parent applications 10/615,108 and 10/197,367. Therefore, the effective filing date of the present invention is February 17th, 2004. (Emphasis in original.)

Applicant agrees with the foregoing statement of the Examiner, and hereby disclaims in the instant application any prior claim of priority to U.S. Patent Application No. 10/615,108 and U.S. Patent Application No. 10/197,367.

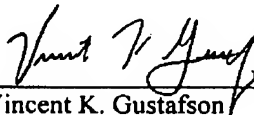

The foregoing amendment to the specification (i.e., to delete any cross-reference to U.S. Patent Application No. 10/615,108 and U.S. Patent Application No. 10/197,367) is consistent with the foregoing disclaimer of priority.

In support of the disclaimer of priority, enclosed herewith for filing in the instant application is a new declaration of inventor Jeff Grady under 35 U.S.C. § 115.

Issuance of a corrected Filing Receipt omitting any claim of priority to U.S. Patent Application No. 10/615,108 and U.S. Patent Application No. 10/197,367 is hereby requested.

If any issues related to this request require further resolution, the examiner is requested to contact the undersigned attorney at (919) 419-9350 to discuss same.

Respectfully submitted,
